Dear Mr Stout

ARRAN SCHOOLHOUSES

Thank you for your letter regarding the sale of the schoolhouses on Arran. I apologise for the delay in replying, but I was trying to get an update on the position for you but I am sorry to say that, at this time, I am unable to confirm the number of houses that will be available for future short-term accommodation needs of teachers coming to the island.

I can however confirm that it is our intention to maintain a level of accommodation on the island for new teaching staff.

Discussions are currently taking place to determine the best solution for this but as yet no firm decisions have been reached.

Yours sincerely

John Bell
